## TATEL Restaurant in Miami

TATEL as a new and revolutionary culinary concept was conceived to create global awareness of Spain's cuisine and culture. TATEL is not just a restaurant. It's a well balance Spanish culinary experience combined with the culture and the spectacle that surrounds the country.

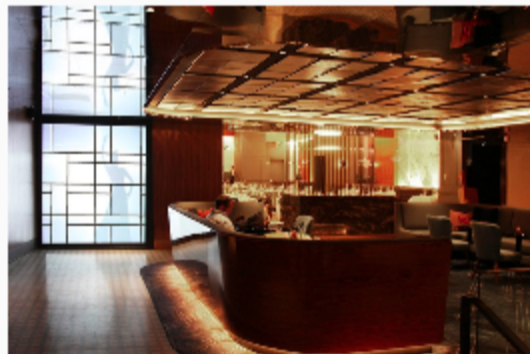

Spanish global superstar Enrique Iglesias and two of the most important athletes in Spain's history - tennis legend Rafael Nadal and two-time NBA champion Pau Gasol – have partnered with Abel Matutes Prats and Manuel Campos Guallar to bring the iconic Spanish gastronomy and lifestyle brand TATEL to Miami.

After a wildly successful first year in Madrid, TATEL decided to bring its original concept to the United States with the opening of its second location in Miami in March 2017.

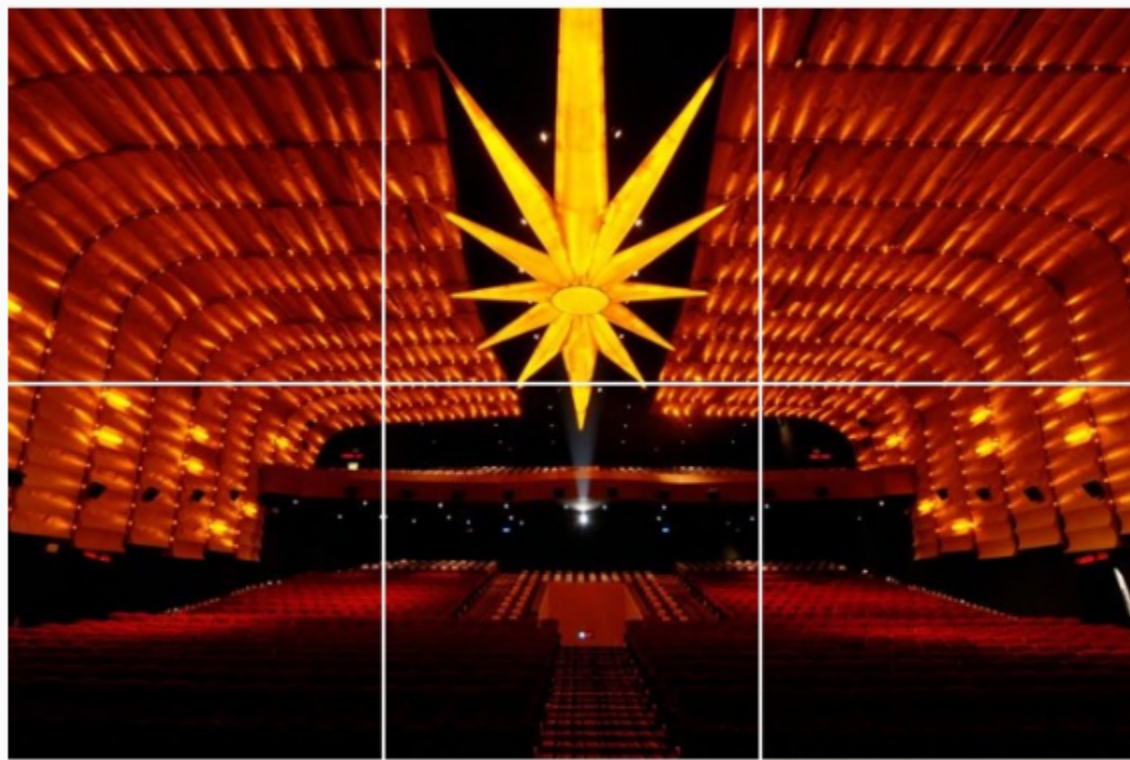

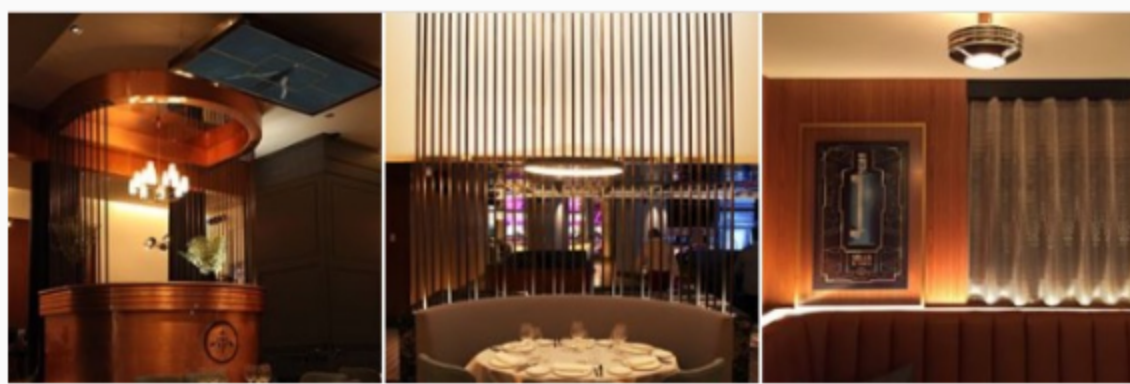

Thanks to its global hospitality experience, STUDIO GRONDA, based in Madrid, has been in charge of the design of this emblematic Spanish brand in South Beach, Miami. Diego Gronda and his team at STUDIO GRONDA are proud of having successfully exported the iconic Spanish restaurant and its energetic ambience to the global hospitality world.

Throughout his career, Diego Gronda has created successful environments for hotels, resorts, spas, and restaurants, and developed identities for new hotel brands around the world. He has collaborated with some of the most influential forces in hospitality, such as Virgin Hotels, Nobu Hospitality, W Hotels, Ritz Carlton, Mandarin Oriental, Four Seasons to mention a few.

TATEL IS OPENED TO THE PUBLIC SINCE THE 24th MARCH
